Access to the FY 10 Technology Integration Plan (TIP) template will be open in September 2009. E-rate Basic Plan templates and documents are available at <http://www.isbe.net/curriculum/elearning/html/e-rate.html>. These templates will be updated for FY 10 in the next few weeks for the districts wishing to begin E-rate planning early. Please watch ISBE's website and remain in contact with your LTC director for news and information about FY 10 approval process for plans expiring June 30, 2010.

Choose Technology Inventory button.

[Technology Inventory](#)

Please complete the Technology Inventory Spreadsheet so it can be included in this plan (click on “Technology Inventory” to open the spreadsheet). When finished, please complete the following information:

Description- Provide a description of other data collected during the development of the Action Plan. It may include existing data considered in the writing of Action Plan. This is a list of tools and, where appropriate, dates administered. All data used to develop the action plan must be made available to ISBE, the United States Department of Education, the Universal Services Administrative Company, and the local community upon request.

District Information Internet Access Computer Inventory Operating Systems Network Equipment Licensed Software Other Technologies Telecommunications Distance Learning District Report

Instructions: Complete the District Technology Inventory by clicking on the appropriate inventory tabs below. The District Technology Report (last tab) will auto-generate from data provided by the district in the other sections of the survey. The entire inventory will be submitted electronically as part of your district's technology plan. This is a district survey and should NOT be completed by individual buildings. Please contact your Learning Technology Center Director if you have any questions.

District Information

Instructions: Fill in the appropriate number for each question. This is a district survey and should NOT be completed by individual buildings.

Number	Item
<input type="text" value="0"/>	Number of K-12 self-contained regular classroom students. This includes any student that is counted for purposes of Average Daily Attendance(ADA). It also refers to students that the district is responsible for in the Student Information System (SIS).
<input type="text" value="0"/>	Number of K-12 special education self-contained classroom students
<input type="text" value="0"/>	Number of Teachers (FTE - this does not include teacher aides)
<input type="text" value="0"/>	Number of Administrators
<input type="text" value="0"/>	Number of instructional school buildings with high speed internet access
<input type="text" value="0"/>	Number of instructional school buildings with low speed internet access
<input type="text" value="0"/>	Number of instructional school buildings with no internet access
<input type="text" value="0"/>	Subtotal
<input type="text" value="0"/>	Number of non-instructional school buildings with high speed internet access
<input type="text" value="0"/>	Number of non-instructional school buildings with low speed internet access
